

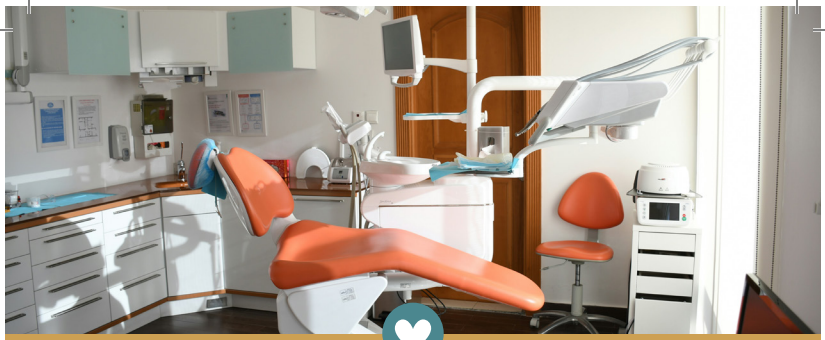
A SMALL DONATION. A BIG REASON TO SMILE.

While you're here caring for your smile, you can help an oral cancer patient regain theirs.

At ***HNC Living Foundation***, we bring together patients, healthcare providers, community partners, and generous supporters to help save lives by ensuring low income head and neck cancer patients can access critical dental care, lifesaving cancer treatment, and the essential support they need to survive.



Every Gift Makes a Difference

Every dollar donated through Share a Smile helps head and neck cancer patients overcome financial barriers to care. Whether it's $1, $5, or $20, your generosity provides meaningful support that helps patients focus on healing.

How Your Gift Makes an Impact

Access to Care
Transportation and lodging so patients can receive life-saving treatment.

Essential Support
Dental care, nutrition assistance, and other practical needs throughout treatment.

Financial Relief
Giving patients and their families the freedom to focus on healing, not expenses.
